Holidays on the Baltic Sea Kiel Outer Firth

Our luxury campsite "Fördeblick" is directly lo-
cated on the coast and subdivided into smaller
sites by hedges, which guarantees you a calm
and relaxing holiday. A sunbathing area borders
on the steep coast and provides the opportunity
to enjoy the wonderful panoramic view over the
Kiel outer firth with interesting shipping and
sailing boats.

Welcome to Schleswig-Holstein on the Baltic Sea!

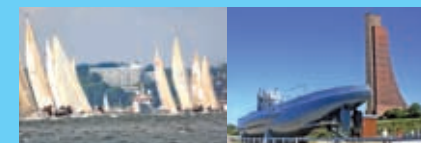

Above all, the Kiel Firth is popular for its mani-
fold sailing and kite-surfing area.
The picturesque location and proximity to Kiel
means a huge cultural offer and various possi-
bilities for trips. The "Kieler Woche" (Kiel Week),
which takes place not far away from our cam-
p-site is the well-known annual event in the last
week of June.

For using our beach, which is easily reachable
by stairs directly from the sunbathing area,
you do not have to pay any visitor's tax. The
50-metre-long offshore sandbank is an exciting
playground for non-swimmer children.

Our shop has got a big variety of rolls, refresh-
ments, sweets and other food as well as cam-
ping equipment.
If you don't want to cook you can use our
restaurant "Gaststätte Fördeblick" with a big
terrace and a smoking area.
For something in between you can go to our
fast food restaurant at appointed times.

The location offers a lot of possibilities for trips
to the closer and further sights in East Holstein.
You can walk, go by bike, by car, by boat or by
ferry. You can hike along the Sea to the ad-
jacent towns Stein and Laboe.

In Laboe you can visit the famous War Memo-
rial and the original submarine from World
War II. The fun side is the sea water pool, the
obstacle golf and the port itself. There are so
many fantastic ways how to explore Schleswig-
Holstein. There are beautiful cycle paths, al-
most always along the coast, trips by steam-
boat to Denmark or Kiel.

Just make a trip to the so-called 'Holsteinische
Schweiz', they say it's like a northern Switzer-
land, just without snowcaps. Visit Bad Segeberg
with its Karl-May-festivals, open air concerts
in Eutin or the popular museum in Molfsee etc.
If you need any assistance just ask and we are
happy to help you.

For guests who want to enjoy holidays close to nature without their own caravan, we have a large selection of campers available.

Travelling alone or with a family and kids, we offer anything you like - well, we try our best.

But don't forget, here on Fördeblick you can enjoy the most unforgettable holiday impressions.

You can splash in the water, hike in a beautiful surrounding, explore the country by bike and then get a treat in the restaurant.

Our offer for hired caravans

Our site

Our service:
